

Incident Report - Cloud Storage Quota Exceeded

Ticket reference: INC-20894

Reported: 2026-08-30 09:14

Summary: The finance-reports S3 bucket has exceeded its allocated storage quota of 500GB. New uploads are being rejected with a QuotaExceededException. The nightly backup job failed as a result.

Requested action: Increase the bucket quota to 750GB or archive objects older than 180 days to Glacier storage.
